INDEPENDENT AUDITOR'S REPORT

Board of Directors
Bridgestone Municipal Utility District
Harris County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Bridgestone Municipal Utility District (the "District"), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**BRIDGESTONE MUNICIPAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2019**

Management's discussion and analysis of Bridgestone Municipal Utility District's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2019. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provides both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, liabilities, and if applicable, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

**BRIDGESTONE MUNICIPAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2019**

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$22,745,331 as of December 31, 2019. A portion of the District's net position reflects its net investment in capital assets (water, wastewater and drainage facilities, less any debt used to acquire those assets that is still outstanding). The following is a comparative analysis of government-wide changes in net position:

**BRIDGESTONE MUNICIPAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2019**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of December 31, 2019, were \$26,089,849, a decrease of \$1,460,484 from the prior year.

The General Fund fund balance decreased by \$1,730,325, primarily due to operating and administrative costs and capital expenditures exceeding service revenues, sales tax revenues and property tax revenues.

The Debt Service Fund fund balance decreased by \$421,074, primarily due to the structure of the District's outstanding debt and the effect of issuing the Series 2019A Refunding Bonds.

The Capital Projects Fund fund balance increased by \$690,915. The District sold its Series 2019 bonds to fund various projects as discussed in Note 18.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors amended the budget during the current fiscal year to increase repairs and maintenance costs. Actual revenues were \$121,835 more than budgeted revenues primarily due to higher than anticipated service revenues, property tax revenues, investment revenues and sales tax revenues. Actual expenditures were \$724,664 more than budgeted expenditures primarily due to actual capital outlay and professional fees being higher than budgeted.

CAPITAL ASSETS

Capital assets as of December 31, 2019, total \$80,058,555 (net of accumulated depreciation) and include land and construction in progress, as well as the water, wastewater and drainage systems. The District used bond proceeds received in the current and prior years as well as surplus funds to pay for costs related to the new District administration building, reimburse developers for various projects, and construction/rehabilitation of water, wastewater and drainage facilities.

BALANCE SHEET TO THE STATEMENT OF NET POSITION
DECEMBER 31, 2019**

Total Fund Balances - Governmental Funds \$ 26,089,849

Amounts reported for governmental activities in the Statement of Net Position are different because:

Credits due from the North Harris County Regional Water Authority for asset reimbursements are not current financial resources and, therefore, are not reported as assets in the governmental funds. 3,000,174

Interest paid in advance as part of a refunding bond sale is recorded as a deferred outflow in the governmental activities and systematically charged to interest expense over the remaining life of the new debt or the old debt, whichever is shorter. 4,236,006

Prepaid bond insurance costs are amortized over the term of the bonds in the government-wide financial statements. 111,941

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds. 80,058,555

Deferred inflows of resources related to property tax revenues and penalty and interest receivable on delinquent taxes for the 2018 and prior tax levies became part of recognized revenue in the governmental activities of the District. 122,768

Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year end consist of:

Due to Developers	\$ (6,230,840)	
Accrued Interest Payable	(492,721)	
Bonds Payable	<u>(84,150,401)</u>	<u>(90,873,962)</u>

Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	28,812
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.	(1,241)
Governmental funds report repayment of long-term receivables as revenues in the period received. However, in the Statement of Net Position, reimbursements reduce long-term receivables.	(72,600)
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(2,174,726)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	10,614,718
Bond discounts, bond premiums and bond insurance premiums are amortized over the life of the bonds and the current year amortized portion is recorded in the Statement of Activities.	(351,112)
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.	2,775,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	(351,035)
Governmental funds report bond proceeds as other financing sources. Issued bonds increase long-term liabilities in the Statement of Net Position.	(22,310,000)

BRIDGESTONE MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 1. CREATION OF DISTRICT

Bridgestone Municipal Utility District of Harris County, Texas (the “District”) was created effective July 29, 1976, by an Order of the Texas Water Rights Commission, presently known as the Texas Commission on Environmental Quality (the “Commission”). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, wastewater service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on August 14, 1976, and the first bonds were sold on March 14, 1978.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

The GASB Codification set forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide statements. The fund statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each to be a major fund.

General Fund - To account for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures.

Debt Service Fund - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available within 60 days after year-end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include the 2018 tax levy collections during the period October 1, 2018, to December 31, 2019. In addition, taxes collected from January 1, 2019, to December 31, 2019, for the 2017 and prior tax levies are included in revenue. Recognition of tax revenues for the 2019 tax levy has been deferred until the 2020 fiscal year.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset. The District chose to early implement GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. Interest costs will no longer be capitalized as part of the asset but will be shown as an expenditure in the fund financial statements and as an expense in the government-wide financial statements.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Water System	10-45
Wastewater System	10-45
Drainage System	10-45

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District’s Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original and revised budget amounts compared to the actual amounts of revenues and expenditures for the current year.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service determined that directors are considered to be employees for federal payroll tax purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances are classified in governmental funds using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District committed \$352,000 of its General Fund fund balance for improvements to District infrastructure.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances. As of December 31, 2019, the District has assigned \$2,037,177 of the General Fund fund balance to be used for a budgeted General Fund deficit during the year ending December 31, 2020.

BRIDGESTONE MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

2045-2048	2,670,000	164,725	2,834,725
	<u>\$ 84,045,000</u>	<u>\$ 31,462,087</u>	<u>\$ 115,507,087</u>

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount and are further payable from and secured by a lien on and pledge of the net revenues to be received from the operation of the District's waterworks and wastewater system.

As of December 31, 2019, the District had authorized but unissued tax and revenue bonds in the amount of \$38,668 that may be issued for the purpose of constructing facilities to serve the District and for refunding purposes. On May 4, 2019, District voters authorized the issuance of an additional \$75,000,000 in unlimited tax bonds, of which \$74,635,000 remains unissued.

During the year ended December 31, 2019, the District levied an ad valorem debt service tax rate of \$0.32 per \$100 of assessed valuation, which resulted in a tax levy of \$5,101,630 on the adjusted taxable valuation of \$1,594,259,360 for the 2019 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of each issue and every 5th year thereafter.

The District is required to provide to certain information repositories continuing disclosure of annual financial information and operating data with respect to the District. The information is of the general type included in the annual audit report and must be filed within six months after the end of each fiscal year of the District.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of collateral eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such collateral is pledged. At fiscal year end, the carrying amount of the District's deposits was \$7,321,721 and the bank balance was \$6,764,235. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at December 31, 2019, as listed below:

	<u>Cash</u>	<u>Certificates of Deposit</u>	<u>Total</u>
GENERAL FUND	\$ 2,957,696	\$ 2,382,677	\$ 5,340,373

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The Texas Comptroller of Public Accounts has oversight of the pool. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool meets measures all of its portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

The District invests in the Texas Short Term Asset Reserve Program ("TexSTAR"), an external public funds investment pool that is not SEC-registered. J. P. Morgan Investment Management Inc. provides investment management and FirstSouthwest, a division of Hilltop Securities Inc., provides participant services and marketing under an agreement with the TexSTAR Board of Directors. Custodial, fund accounting and depository services are provided by JPMorgan Chase Bank, N.A. and/or its subsidiary J.P. Morgan Investors Services Co. Investments held by TexSTAR are marked to market daily. The investments are considered to be Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from TexSTAR.

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The District records its investment in certificates of deposit at acquisition cost. As of December 31, 2019, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year
<u>GENERAL FUND</u>		
TexPool	\$ 9,660,613	\$ 9,660,613
TexSTAR	5,210,662	5,210,662
Certificates of Deposit	2,382,677	2,382,677

TexPool	7,316,574	7,316,574
TOTAL INVESTMENTS	<u>\$ 27,333,988</u>	<u>\$ 27,333,988</u>

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At December 31, 2019, the District's investments in TexPool and TexSTAR were rated AAAM by Standard and Poor's. The District also manages credit risk by investing in certificates of deposit covered by FDIC insurance and pledged collateral.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers its investments in TexPool and TexSTAR to have maturities of less than one year due to the fact the share positions can usually be redeemed each day at the discretion of the District unless there have been significant changes in value. The District also manages interest rate risk by investing in certificates of deposit with maturities of less than one year.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTE 7. MAINTENANCE TAX

At an election held on August 14, 1976, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.25 per \$100 of assessed valuation of taxable property within the District. The maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and wastewater system. During the year ended December 31, 2019, the District levied an ad valorem maintenance tax rate of \$0.20 per \$100 of assessed valuation, which resulted in a tax levy of \$3,188,519 on the adjusted taxable valuation of \$1,594,259,360 for the 2019 tax year. Taxes collected from the 2019 tax levy have been fully deferred to the 2020 fiscal year.

NOTE 8. INTERFUND RECEIVABLE, PAYABLE AND TRANSFER

As of December 31, 2019, the Debt Service Fund owed the General Fund \$205,943 for maintenance tax collections and the Capital Projects Fund owed the General Fund \$3,770 for capital expenditures paid by the General Fund. The Capital Projects Fund transferred \$60,123 to the General Fund to reimburse the fund for capital and bond costs paid in a prior year.

NOTE 9. INTERIM AND EMERGENCY WATER SUPPLY AGREEMENTS

On March 8, 1999, the District approved an Emergency Water Supply Agreement with Bilma Public Utility District. On August 20, 2013, the District approved the Amended and Restated Emergency Water Supply Agreement. Under the terms of the agreement, the district supplying water will bill the receiving district at a rate of \$1.50 per 1,000 gallons of water usage plus the applicable North Harris County Regional Water Authority fee for surface water consumption. If the supplying district is buying the supplied water from any adjoining district, the receiving district will pay for water at a rate per 1,000 gallons equal to the rate paid by the supplying district for such water if such rate is greater than the rate stated above.

On May 1, 2007, the District approved an Emergency Water Supply Contract with Northwest Harris County Municipal Utility District No. 30. Under the terms of the agreement, the district supplying water can either: (1) be repaid in kind, or (2) bill the receiving district at a rate of \$1.50 per 1,000 gallons of water usage or, if the supplying district is buying the supplied water from any adjoining district, bill the receiving district at the rate it is paying for the water. In addition, if the supplying district has converted to use of surface water, the billed cost will be the price per 1,000 gallons the supplying district is paying for surface water. The term of the agreement is for a period of 20 years from the date of execution, unless terminated pursuant to the provisions of the agreement or pursuant to mutual written consent of the districts.

On December 18, 2008, the District approved an Emergency Water Supply Contract with Northwest Harris County Municipal Utility District No. 32 (District No. 32). Under the terms of the agreement, the district supplying water can either: (1) be repaid in kind, or (2) bill the receiving district at a rate of \$1.50 per 1,000 gallons of water usage as reflected by the interconnect meter, or such other rate that the districts may agree upon in writing from time-to-time. In addition, if the supplying district has converted to use of surface water, the billed cost will be the actual cost per 1,000 gallons to the supplying district to purchase surface water, or the above rate may be increased by the amount of the fee per 1,000 gallons imposed by the North Harris County Regional Water Authority. The term of the agreement is for a period of 20 years from the date of execution, unless terminated pursuant to the provisions of the agreement or pursuant to mutual written consent of the districts.

NOTE 10. WATER SUPPLY AND WASTEWATER TREATMENT SERVICE AGREEMENTS

NORTHWOODS EDUCATION FOUNDATION

On March 12, 2001, the District entered into a Water Supply and Wastewater Treatment Service Agreement with Northwoods Educational Foundation (Northwoods) in which Northwoods paid the District \$190,750 comprised of payments of \$72,000 for 32,000 gallons per day (gpd) of capacity in the District's water plant and \$118,750 for 25,000 gpd of capacity in the District's wastewater treatment plant. Northwoods constructed a waterline and wastewater collection facility and provided the District a site for a lift station. Upon completion of construction, Northwoods conveyed the portion of such facilities located between the point of connection to

the District's system to the location of the metering equipment to the District. The District is responsible for maintenance of said facilities. The water and wastewater rates charged to Northwoods shall not exceed the rates charged to commercial customers in the District's rate order. The term of this agreement is 40 years.

KLEIN UNITED METHODIST CHURCH

On May 17, 2005, the District entered into a Water Supply and Wastewater Treatment Service Agreement with Klein United Methodist Church (KUMC). KUMC constructed, at its sole cost, the water line extension and wastewater connection necessary to provide an amount of water not to exceed 3,300 gallons per day (gpd) of capacity in the District's water treatment facilities and the wastewater treatment plant not to exceed 2,800 gpd of capacity. KUMC paid the District a total of \$15,067 for its share of capacity comprised of \$7,227 for capacity in the District's water plant and \$7,840 for capacity in the District's wastewater treatment plant in accordance with this agreement. The District, at its sole cost, owns, operates and maintains the lines located between the point of connection to the District's system. The water and wastewater rates charged to KUMC will not exceed the rates charged to in-district commercial customers for similar services. The term of this agreement is 40 years.

KLEIN INDEPENDENT SCHOOL DISTRICT

On November 15, 2005, the District entered into a Water Supply and Wastewater Treatment Service Agreement with Klein Independent School District (Klein) in which the District constructed, at Klein's sole cost, the water line and wastewater collection line necessary to provide an amount of water not to exceed 40,000 gallons per day (gpd) of capacity in the District's water treatment facilities and the wastewater treatment plant not to exceed 30,000 gpd of capacity. Klein paid the District \$87,600 for capacity in the District's water plant and \$84,000 for capacity in the District's wastewater treatment plant. Klein received credits toward the costs of capacity in the amounts of \$54,000 for a 2.4-acre future water plant site and \$5,600 for a 10-foot waterline easement. Thus, the total payment by Klein for its capacity was \$112,000. The District owns, operates and maintains the lines located between the point of connection to the District's system. The water and wastewater rates charged to Klein will not exceed the rates charged to out-of-district commercial for similar services. The term of this agreement is 40 years.

NOTE 11. NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY

The District is located within the boundaries of the North Harris County Regional Water Authority (the “Authority”). The Authority was created under Article 16, Section 59 of the Texas Constitution by House Bill 2965 (the “Act”), as passed by the 75th Texas Legislature, in 1999. The Act empowers the Authority to provide for the conservation, preservation, protection, recharge and prevention of waste of groundwater, and for the reduction of groundwater withdrawals. The Authority is overseeing that its participants comply with the Harris-Galveston Subsidence District pumpage requirements.

The Authority charges a fee, based on the amount of water pumped from a well, to the owners of wells located within the boundaries of the Authority, unless exempted. This fee enables the Authority to fulfill its purpose and regulatory functions. The current fee charged is \$3.85 per 1,000 gallons of water pumped from each well. The District recorded expenditures of \$317,501 for fees assessed during the current fiscal year.

On December 19, 2006, the District approved the Groundwater Transfer Agreement-Buyer (the “Agreement”) with the Authority. This Agreement was amended on June 1, 2010. In accordance with the Agreement, the District has elected to participate in the groundwater transfer program of the Authority, under the Regulations for Buy/Sell Agreement for Implementation of the Groundwater Transfer Program adopted by the Authority on September 8, 2003, as amended, and agrees to assume all rights and obligations of a seller. The Authority has agreed to the District electing the buyer status. The District agrees to buy and receive water from the Authority and the Authority agrees to sell and deliver water to the District at the minimum and maximum volumes as set forth in the Agreement.

The current rate for purchased water is \$4.30 per 1,000 gallons of water. The District recorded expenditures of \$2,604,650 for water purchased from the Authority during the current fiscal year.

Chloramine Conversion Reimbursement

The Authority required the District to convert its water systems to chloramine disinfection for as long as it is connected to the Authority’s system. The District has completed its chloramine system. The District’s reimbursable cost of this system was \$449,562. The Authority calculated the reimbursement at 6% interest over a 30-year period. The District began receiving chloramine conversion credits on the December 2010 Authority billing. Total credits earned in the current fiscal year were \$32,660. Of this amount, \$9,109 was a return of principal with the balance being applicable to interest. The following is a schedule of the remaining chloramine conversion credits to be received under the terms of the agreement.

Elevated Storage Tank Reimbursement

The Authority authorized a capital reimbursement credit to the District in the total amount of \$3,087,533 in connection with the construction of an elevated storage tank. The Authority calculated the reimbursement credit at 6% interest over a 30-year period. The credit amount is applied monthly and the District began receiving the elevated storage tank credits on the September 2010 Authority billing. Total credits earned in the current fiscal year were \$224,306. Of this amount, \$63,491 was a return of principal with the balance being applicable to interest. NOTE 12. UNREIMBURSED COSTS

In accordance with the terms of certain development financing agreements, Developers within the District have made expenditures on behalf of the District for water, sewer and drainage facilities for which the District has not sold bonds. Reimbursements will come from proceeds of future bond sales or surplus operating funds.

NOTE 13. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 14. STRATEGIC PARTNERSHIP AGREEMENT

On March 27, 2007, the District entered into a Strategic Partnership Agreement (“SPA”) with the City of Houston, Texas. The agreement was amended on December 9, 2009, October 19, 2010, and October 18, 2011. Under the agreement, and in accordance with Subchapter F of Chapter 43 of the Local Government Code, the City has annexed a tract of land within the District for limited purposes. The District will continue to develop, to own, and to operate and maintain a water, wastewater, and drainage system in the District. The City may not annex the District for full purposes during the term of this agreement. The City imposes a Sales and Use Tax within the boundaries of the District under the SPA on the receipts from the sale and use at retail of taxable items at the rate of one percent or the rate specified under future amendments to Chapter 321 of the Tax Code. The City pays to the District one-half of all Sales and Use Tax revenues collected within the District within 30 days of the City receiving the funds from the State Comptroller’s office. The term of this SPA is 30 years from the effective date of April 3, 2007. During the current fiscal year, the District recorded revenues in the amount of \$1,360,679 in relation to this agreement.

NOTE 15. CHANGE IN PROJECT SCOPE

On August 30, 2019, the Commission approved the change in project scope to reallocate \$1,394,000 originally planned for the construction of a wireless radio SCADA system to now be used to fund a portion of the costs associated with wastewater treatment plant upgrades, phase 1.

NOTE 16. BONDS GULLY IMPROVEMENTS COST SHARING AGREEMENT

Effective July 10, 2018, the District, Meadowhill Regional Municipal Utility District (“Meadowhill”), Klein Independent School District (“KISD”) and Champion Forest Baptist Church (“CFBC”) (collectively the “Parties”) entered into a cost sharing agreement. The agreement provided for Meadowhill, KISD and CFBC to reimburse the District \$1,500,000 for extensive improvements (“Improvements”) made by the District to Bonds Gully which directly benefit property located in the District and Meadowhill, as well as an approximately 68.5815-acre tract of land owned by KISD and the portion of the approximately 44.7317-acre tract of land owned by CFBC that drains generally southward toward Bonds Gully, which totals approximately 28 acres. The Improvements will continue to be maintained by the District until conveyed to HCFCD. Costs will be allocated to the Parties on a pro-rata basis based on acreage of each Party sending stormwater flow to or through the Improvements. The agreement also addresses stormwater drainage improvements which may be constructed by Meadowhill, KISD and/or CFBC.

NOTE 17. COST SHARING AND SERVICE AGREEMENTS

On January 25, 2018, the District, KISD, CFBC, and Stewart Title (collectively the “Parties”) entered into a Cost Sharing Agreement for the design and construction of water and wastewater improvements, a waterline extension, and wastewater connection and lift station upgrades (“Improvements”) for the benefit of KISD and CFBC. The District is responsible for the design and construction of the improvements pursuant to the plans and specifications approved by the District at the sole cost of KISD and CFBC. After construction, the ownership of the improvements will be with the District. The District will maintain the improvements and KISD and CFBC will reimburse the District for their share per this agreement.

On January 18, 2018 and January 25, 2018 KISD and CFBC, respectively, entered into out-of-district service agreements with the District. The agreements outline services to be provided, rates for such services and capacity fees paid upon execution of the agreements.

NOTE 18. BOND SALES

On August 14, 2019, the District issued its \$5,670,000 Waterworks and Sewer System Combination Unlimited Tax and Revenue Bonds, Series 2019. Proceeds of the bonds were used to finance construction and engineering costs related to wastewater treatment plant upgrades, phase 1. Additional proceeds were used to pay for bond issuance costs.

NOTE 18. BOND SALES (Continued)

On September 26, 2019, the District closed on the sale of its \$16,640,000 Series 2019A Unlimited Tax Refunding Bonds. Proceeds of the bonds were used to refund: \$545,000 of Series 2008 Bonds with an interest rate of 4.125%, maturity date of 2020, and a redemption date of September 26, 2019; \$300,000 of Series 2009-A Bonds with an interest rate of 5.50%, maturity date of 2020, and a redemption date of November 1, 2019; \$14,725,000 of Series 2009-B Bonds with interest rates of 4.00%-5.25%, maturity dates of 2020-2036, and a redemption date of November 1, 2019; and \$705,000 of Series 2010 Bonds with an interest rate of 4.00%, maturity date of 2020, and a redemption date of November 1, 2019. The refunding resulted in gross savings of \$3,141,279 and net present value savings of \$2,605,614.

NOTE 19. SUBSEQUENT EVENT – REFUNDING BOND SALE

On March 31, 2020, subsequent to year-end, the District closed on the sale of its \$4,020,000 Series 2020 Unlimited Tax Refunding Bonds. Proceeds of the bonds were used to refund \$4,060,000 of the Series 2012 Refunding Bonds with interest rates of 3.00%-4.00%, maturity dates of 2021-2028, and a redemption date of May 1, 2020. The refunding resulted in gross savings of \$267,183 and net present value savings of \$240,835.

NOTE 20. UNCERTAINTIES

On March 11, 2020, the World Health Organization declared the COVID-19 virus a global pandemic. As a result, economic uncertainties have arisen which are likely to have an impact on the operations of the District. The District is carefully monitoring the situation and evaluating its options during this time. No adjustments have been made to these financial statements as a result of this uncertainty, as the potential financial impact of this pandemic is unknown at this time.
