#### INDEPENDENT AUDITOR'S REPORT

Board of Directors Bridgestone Municipal Utility District Harris County, Texas

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Bridgestone Municipal Utility District (the "District") as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Emphasis of Matter**

As discussed in Note 17 to the financial statements, the District implemented Governmental Accounting Standards Board Statement No. 96 in fiscal year ending 2023. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors Bridgestone Municipal Utility District

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the Water District Financial Management Guide is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

M'Call Dibon Swedlund Barfort PLLC

McCall Gibson Swedlund Barfoot PLLC Certified Public Accountants Houston, Texas

March 19, 2024

Management's discussion and analysis of the financial performance of Bridgestone Municipal Utility District (the "District") provides an overview of the District's financial activities for the fiscal year ended December 31, 2023. Please read it in conjunction with the District's financial statements.

## **USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the financial statements.

## GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provides both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, liabilities, deferred inflows of resources, and deferred outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

## **FUND FINANCIAL STATEMENTS**

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

## **FUND FINANCIAL STATEMENTS** (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

## NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

## OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. A budgetary comparison schedule is included as RSI for the General Fund.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$37,192,283 as of December 31, 2023. A portion of the District's net position reflects its net investment in capital assets which includes land, building and the water, wastewater and drainage facilities less any debt used to acquire those assets that is still outstanding.

The table on the following page is a comparative analysis of government-wide changes in net position for the current and prior fiscal years.

## FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of December 31, 2023, were \$16,730,054, a decrease of \$11,161,741 from the prior year. The General Fund fund balance decreased by \$5,599,070, primarily due to a transfer out to the Capital Projects Fund as well as operating costs, administrative costs and capital outlay which exceeded service revenues, sales tax revenues, and property tax revenues. The Debt Service Fund fund balance decreased by \$281,878, primarily due to the structure of the District's outstanding debt. The Capital Projects Fund fund balance decreased by \$5,280,793. The District used previously sold bond proceeds to fund various District construction projects and reimburse the General Fund for projects completed in prior years using operating funds.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors adopted an unappropriated budget for the current year. Actual revenues were \$1,090,971 more than budgeted revenues and actual expenditures were \$4,518,367 more than budgeted expenditures which resulted in a negative variance of \$3,427,396. See the budget to actual comparison for more information.

## **CAPITAL ASSETS**

Capital assets as of December 31, 2023, total \$112,648,148 (net of accumulated depreciation) and include land, construction in progress and buildings as well as the water, wastewater and drainage systems. The District used bond proceeds received in prior years as well as operating funds to pay for the construction and rehabilitation of District facilities.

## LONG-TERM DEBT ACTIVITY

As of December 31, 2023, the District had total bond debt payable of \$97,740,000. The changes in the debt position of the District during the fiscal year ended December 31, 2023, are summarized as follows:

| Bond Debt Payable, January 1, 2023   | \$<br>101,090,000 |
|--------------------------------------|-------------------|
| Less: Bond Principal Paid            | <br>(3,350,000)   |
| Bond Debt Payable, December 31, 2023 | \$<br>97,740,000  |

The District's underlying rating is "A". District bonds carry insured ratings of "AA" by virtue of bond insurance issued by Assured Guaranty Municipal or Build America Mutual Assurance Company. Credit enhanced ratings provided through bond insurance policies are subject to change based on changes to the ratings of the insurers.

See also Note 17 for information related to the District's subscription liability.

## CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Bridgestone Municipal Utility District, c/o Polley Garza PLLC, P.O. Box 66568, Houston, Texas 77266

# BRIDGESTONE MUNICIPAL UTILITY DISTRICT RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2023

| Net Change in Fund Balances - Governmental Funds   | \$<br>(11,161,741) |
|--|--------------------|
| Amounts reported for governmental activities in the Statement of Activities are different because:   |                    |
| Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.   | 39,712             |
| Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.                                      | 957                |
| Governmental funds report repayment of long-term receivables as revenues in the period received. However, in the Statement of Net Position, reimbursements reduce long-term receivables.   | (91,655)           |
| Governmental funds do not account for depreciation and amortization. However, capital assets and intangible assets are depreciated and amortized over the estimated useful lives of the assets in governmental activities.           | (2,286,838)        |
| Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.    | 17,339,120         |
| Governmental funds report bond principal and subscription payments as expenditures. However, in the Statement of Net Position, bond principal payments and subscription payments are reported as decreases in long-term liabilities. | 3,400,508          |
| Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.                    | (228,376)          |
| Change in Net Position - Governmental Activities   | \$<br>7,011,687    |

## NOTE 1. CREATION OF DISTRICT

Bridgestone Municipal Utility District of Harris County, Texas (the "District") was created effective July 29, 1976, by an Order of the Texas Water Rights Commission, presently known as the Texas Commission on Environmental Quality (the "Commission"). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, wastewater service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on August 14, 1976, and the first bonds were sold on March 14, 1978.

## NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

## Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

The GASB Codification set forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted.

## **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

<u>Financial Statement Presentation</u> (Continued)

These classifications are defined as follows:

- Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

## Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

# NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

## **Fund Financial Statements**

The District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

## Governmental Funds

The District has three governmental funds and considers each to be a major fund.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

## Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available within 60 days after year-end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include the 2022 tax levy collections during the period October 1, 2022, to December 31, 2023. In addition, taxes collected from January 1, 2023, to December 31, 2023, for the 2021 and prior tax levies are included in revenue. Recognition of tax revenues for the 2023 tax levy has been deferred until the 2024 fiscal year.

## NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Basis of Accounting (Continued)

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

As of December 31, 2023, the General Fund owed the Debt Service Fund \$76,920 for the over-transfer of maintenance tax collections and the General Fund owed the Capital Projects Fund \$179,457 for construction costs.

## Capital Assets and Intangible Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset. Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation over periods ranging from 10 to 45 years.

In accordance with GASB Statement No. 96, The District records its subscription-based meter reading service as an intangible asset (see Note 17). The right-to-use asset is being amortized over the same term as the subscription contract using the straight-line method of amortization.

## **Budgeting**

An unappropriated budget is adopted each year for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the budgeted amounts compared to the actual amounts of revenues and expenditures for the current year.

# NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service determined that directors are considered to be employees for federal payroll tax purposes only.

## Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources.

Fund balances are classified in governmental funds using the following hierarchy:

*Nonspendable*: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

*Restricted*: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances. The District assigned \$5,205,369 of its General Fund fund balance to be used to cover the budgeted deficit for the fiscal year ending 2024.

## **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Measurement Focus (Continued)

*Unassigned*: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

## **Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## NOTE 3. LONG-TERM DEBT

|  | Series 2014          | Series 2015          | Refunding<br>Series 2016 |

| 2028        | 4,995,000        | 2,235,898        |    | 7,230,898   |
| 2029-2033   | 27,415,000       | 8,856,744        |    | 36,271,744  |
| 2034-2038   | 24,785,000       | 4,722,110        |    | 29,507,110  |
| 2039-2043   | 10,585,000       | 2,234,857        |    | 12,819,857  |
| 2044-2048   | 9,570,000        | 801,962          |    | 10,371,962  |
| 2049-2050   | <br>2,730,000    | <br>27,450       | _  | 2,757,450   |
|             | \$<br>97,740,000 | \$<br>29,115,145 | \$ | 126,855,145 |

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount and certain bonds are further payable from and secured by a lien on and pledge of the net revenues to be received from the operation of the District's waterworks and wastewater system.

As of December 31, 2023, the District had authorized but unissued tax and revenue bonds in the amount of \$38,668 and unlimited tax bonds of \$48,585,000 that may be issued for the purpose of constructing facilities to serve the District and for refunding purposes.

## **NOTE 3. LONG-TERM DEBT** (Continued)

During the year ended December 31, 2023, the District levied an ad valorem debt service tax rate of \$0.28 per \$100 of assessed valuation, which resulted in a tax levy of \$6,476,948 on the adjusted taxable valuation of \$2,313,195,799 for the 2023 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

## NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of each issue and every 5<sup>th</sup> year thereafter. The District is required to provide to certain information repositories continuing disclosure of annual financial information and operating data with respect to the District. The information is of the general type included in the annual audit report and must be filed within six months after the end of each fiscal year of the District.

## NOTE 5. DEPOSITS AND INVESTMENTS

## **Deposits**

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes. Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of collateral eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such collateral is pledged. At fiscal year end, the carrying amount of the District's deposits was \$3,450,612 and the bank balance was \$4,171,304. The District was not exposed to custodial credit risk at year-end.

## **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

Deposits (Continued)

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at December 31, 2023, as listed below:

|                       | <br>Cash        |    | of Deposit |    | Total     |
|-----------------------|-----------------|----|------------|----|-----------|
| GENERAL FUND          | \$<br>1,666,879 | \$ | 744,231    | \$ | 2,411,110 |
| DEBT SERVICE FUND     | 578,588         |    | 460,000    |    | 1,038,588 |
| CAPITAL PROJECTS FUND | <br>914         |    |            |    | 914       |
| TOTAL DEPOSITS        | \$<br>2,246,381 | \$ | 1,204,231  | \$ | 3,450,612 |

## Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors. Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The Texas Comptroller of Public Accounts has oversight of the pool. Federated Hermes, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool meets measures all of its portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

#### **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

Investments (Continued)

The District invests in the Texas Short Term Asset Reserve Program ("TexSTAR"), an external public funds investment pool that is not SEC-registered. J. P. Morgan Investment Management Inc. provides investment management and Hilltop Securities Inc., provides participant services and marketing under an agreement with the TexSTAR Board of Directors. Custodial, fund accounting and depository services are provided by JPMorgan Chase Bank, N.A. and/or its subsidiary J.P. Morgan Investors Services Co. Investments held by TexSTAR are marked to market daily. The investments are considered to be Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from TexSTAR.

The District records its investment in certificates of deposit at acquisition cost. As of December 31, 2023, the District had the following investments and maturities:

|               | Maturities of Less Than                                   |
|---------------|---|
| Fair Value    | 1 Year  |
| \$ 10,229,444 | \$ 10,229,444   |
| 6,082,333     | 6,082,333   |
| 744,231       | 744,231   |
| 1,367,339     | 1,367,339   |
| 460,000       | 460,000   |
| 2,749,671     | 2,749,671   |
| \$ 21,633,018 | \$ 21,633,018   |
|               | 6,082,333<br>744,231<br>1,367,339<br>460,000<br>2,749,671 |

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The District's investments in TexPool and TexSTAR were rated AAAm by Standard and Poor's. The District also manages credit risk by investing in certificates of deposit covered by FDIC insurance and pledged collateral. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers its investments in TexPool and TexSTAR to have maturities of less than one year due to the fact the share positions can usually be redeemed each day at the discretion of the District unless there have been significant changes in value. The District also manages interest rate risk by investing in certificates of deposit with maturities of less than one year.

#### **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

<u>Restrictions</u> - All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

#### NOTE 6. CAPITAL ASSETS

Capital asset activity for the current fiscal year is summarized in the following table:

|   | January 1,<br>2023                                     | Increases                                     | Decreases        | December 31, 2023                                      |
|---|--|---|------------------|--|

| Total Capital Assets, Net of Accumlated Depreciation  | \$ 97,560,366  | \$ 18,213,851                                 | \$ 3,126,069     | \$ 112,648,148   |

#### NOTE 7. MAINTENANCE TAX

At an election held on August 14, 1976, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.25 per \$100 of assessed valuation of taxable property within the District. The maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and wastewater system. During the year ended December 31, 2023, the District levied an ad valorem maintenance tax rate of \$0.21 per \$100 of assessed valuation, which resulted in a tax levy of \$4,857,711 on the adjusted taxable valuation of \$2,313,195,799 for the 2023 tax year.

#### NOTE 8. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

#### NOTE 9. EMERGENCY WATER SUPPLY AGREEMENTS

On March 8, 1999, the District approved an Emergency Water Supply Agreement with Bilma Public Utility District. On August 20, 2013, the District approved the Amended and Restated Emergency Water Supply Agreement. Under the terms of the agreement, the district supplying water will bill the receiving district at a rate of \$1.50 per 1,000 gallons of water usage plus the applicable North Harris County Regional Water Authority fee for surface water consumption. If the supplying district is buying the supplied water from any adjoining district, the receiving district will pay for water at a rate per 1,000 gallons equal to the rate paid by the supplying district for such water if such rate is greater than the rate stated above.

On May 1, 2007, the District approved an Emergency Water Supply Contract with Northwest Harris County Municipal Utility District No. 30. Under the terms of the agreement, the district supplying water can either: (1) be repaid in kind, or (2) bill the receiving district at a rate of \$1.50 per 1,000 gallons of water usage or, if the supplying district is buying the supplied water from any adjoining district, bill the receiving district at the rate it is paying for the water. In addition, if the supplying district has converted to use of surface water, the billed cost will be the price per 1,000 gallons the supplying district is paying for surface water. The term of the agreement is for a period of 20 years from the date of execution, unless terminated pursuant to the provisions of the agreement or pursuant to mutual written consent of the districts.

On December 18, 2008, the District approved an Emergency Water Supply Contract with Northwest Harris County Municipal Utility District No. 32. Under the terms of the agreement, the district supplying water can either: (1) be repaid in kind, or (2) bill the receiving district at a rate of \$1.50 per 1,000 gallons of water usage as reflected by the interconnect meter, or such other rate that the districts may agree upon in writing from time-to-time. In addition, if the supplying district has converted to use of surface water, the billed cost will be the actual cost per 1,000 gallons to the supplying district to purchase surface water, or the above rate may be increased by the amount of the fee per 1,000 gallons imposed by the North Harris County Regional Water Authority. The term of the agreement is for a period of 20 years from the date of execution, unless terminated pursuant to the provisions of the agreement or pursuant to mutual written consent of the districts.

#### NOTE 10. WATER AND WASTEWATER SERVICE AGREEMENTS

#### KLEIN UNITED METHODIST CHURCH

On May 17, 2005, the District entered into a Water Supply and Wastewater Treatment Service Agreement with Klein United Methodist Church (KUMC). KUMC constructed, at its sole cost, the water line extension and wastewater connection necessary to provide an amount of water not to exceed 3,300 gallons per day (gpd) of capacity in the District's water treatment facilities and the wastewater treatment plant not to exceed 2,800 gpd of capacity. The District owns, operates and maintains the lines located between the point of connection to the District's system. The water and wastewater rates charged to KUMC will not exceed the rates charged to in-district commercial customers for similar services. The term of this agreement is 40 years.

#### KLEIN INDEPENDENT SCHOOL DISTRICT

On November 15, 2005, the District entered into a Water Supply and Wastewater Treatment Service Agreement with Klein Independent School District (Klein) in which the District constructed, at Klein's sole cost, the water line and wastewater collection line necessary to provide an amount of water not to exceed 40,000 gallons per day (gpd) of capacity in the District's water treatment facilities and the wastewater treatment plant not to exceed 30,000 gpd of capacity. Klein paid the District \$87,600 for capacity in the District's water plant and \$84,000 for capacity in the District's wastewater treatment plant. Klein received credits toward the costs of capacity in the amounts of \$54,000 for a 2.4-acre future water plant site and \$5,600 for a 10-foot waterline easement. Thus, the total payment by Klein for its capacity was \$112,000. The District owns, operates and maintains the lines located between the point of connection to the District's system. The water and wastewater rates charged to Klein will not exceed the rates charged to out-of-district commercial for similar services. The term of this agreement is 40 years.

#### SPRING EDUCATIONAL FOUNDATION d/b/a BHA-HOUSTON

On January 23, 2020, the District entered into an Out-of-District Service Agreement with Spring Educational Foundation d/b/a BHA-Houston (BHA) in which the District agrees to sell and deliver to BHA at the point of connection in an amount not to exceed 4,667 gallons per day (gpd) of capacity in the District's water treatment facilities and the wastewater treatment plant. The District owns, operates and maintains the lines located between the point of connection to the District's system. The water and wastewater rates charged to BHA will not exceed the rates charged to out-of-district non-taxable entities for similar services. The term of this agreement is 40 years.

#### NOTE 10. WATER AND WASTEWATER SERVICE AGREEMENTS (Continued)

#### REBECCA VILLAGE BUSINESS PARK, LP

On February 21, 2020, the District entered into an Out-of-District Service Agreement with Rebecca Village Business Park, LP (Rebecca) in which the District agrees to sell and deliver to Rebecca at the point of connection and in an amount not to exceed 7,200 gallons per day (gpd) of capacity in the District's water treatment facilities. Rebecca will be responsible for extending a private waterline to tap into an existing ten-foot waterline, and upon completion, will be eligible to receive water from the District. The District owns, operates and maintains the lines located between the point of connection to the District's system. The water and wastewater rates charged to Rebecca will not exceed the rates charged to out-of-district commercial entities for similar services. Rebecca must construct an onsite private sanitary sewer treatment system and the District will require Rebecca to annex into the District and connect to the District's sanitary sewer collection system once capacity is available in Lift Station No. 4 or after a period of ten years from the execution of the Agreement, whichever occurs later. The term of this agreement is 40 years.

#### LINCOLN WOOD BAPTIST CHURCH, INC.

On September 1, 2020, the District entered into an Out-of-District Service Agreement with Lincoln Wood Baptist Church, Inc. (Church) in which the District agrees to sell and deliver to the Church at the point of connection an amount not to exceed 360 gallons per day (gpd) of capacity in the District's water treatment facilities and 300 gpd of capacity in the District's wastewater treatment plant. The Church will be responsible for the construction of sanitary sewer and collection system improvements, and upon completion, will be eligible to receive wastewater from the District. The District owns, operates and maintains the lines located between the point of connection to the District's system. The Church shall pay a capital recovery fee to the District for 360 gpd of capacity in the Water Plant and for 300 gpd of capacity in the Wastewater Treatment Plant. The water and wastewater rates charged to the Church will not exceed the rates charged to out-of-district non-taxable entities for similar services. The term of this agreement is 40 years.

#### NOTE 11. UNREIMBURSED COSTS

In accordance with the terms of certain development financing agreements, Developers within the District have made expenditures on behalf of the District for water, sewer and drainage facilities for which the District has not sold bonds. Reimbursements will come from proceeds of future bond sales or surplus operating funds. The year-end balance totaled \$64,661.

#### NOTE 12. NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY

The District is located within the boundaries of the North Harris County Regional Water Authority (the "Authority"). The Authority was created under Article 16, Section 59 of the Texas Constitution by House Bill 2965 (the "Act"), as passed by the 75<sup>th</sup> Texas Legislature, in 1999. The Act empowers the Authority to provide for the conservation, preservation, protection, recharge and prevention of waste of groundwater, and for the reduction of groundwater withdrawals.

The Authority charges a fee, based on the amount of water pumped from a well, to the owners of wells located within the boundaries of the Authority, unless exempted. This fee enables the Authority to fulfill its purpose and regulatory functions. The current fee charged is \$3.60 per 1,000 gallons of water pumped from each well. The District recorded expenditures of \$821,084 for fees assessed during the current fiscal year.

On December 19, 2006, the District approved the Groundwater Transfer Agreement-Buyer (the "Agreement") with the Authority. This Agreement was amended on June 1, 2010. In accordance with the Agreement, the District has elected to participate in the groundwater transfer program of the Authority, under the Regulations for Buy/Sell Agreement for Implementation of the Groundwater Transfer Program adopted by the Authority on September 8, 2003, as amended, and agrees to assume all rights and obligations of a seller. The Authority has agreed to the District electing the buyer status. The District agrees to buy and receive water from the Authority and the Authority agrees to sell and deliver water to the District at the minimum and maximum volumes as set forth in the Agreement.

On December 1, 2020, the Authority and the District entered into an Amended Water Supply Agreement. The Authority will make available for sale and delivery to the District a volume of Authority water between 0.441 million gallons per day (MGD) and 1.057 MGD. The agreement is in effect until January 1, 2040, and may be extended for 10-year periods thereafter.

The current rate for purchased water is \$4.05 per 1,000 gallons of water. The District recorded expenditures of \$2,700,579 for water purchased from the Authority during the current fiscal year.

#### Chloramine Conversion Reimbursement

The Authority required the District to convert its water systems to chloramine disinfection for as long as it is connected to the Authority's system. The District has completed its chloramine system. The District's reimbursable cost of this system was \$449,562. The Authority calculated the reimbursement at 6% interest over a 30-year period. The District began receiving chloramine conversion credits on the December 2010 Authority billing. Total credits earned in the current fiscal year were \$32,660. Of this amount, \$11,499 was a return of principal with the balance being applicable to interest.

## NOTE 12. NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY (Continued)

#### Chloramine Conversion Reimbursement (Continued)

The following is a schedule of the remaining chloramine conversion credits (principal only) to be received under the terms of the agreement.

| Fiscal Year | Principal  |
|-------------|------------|
| 2024        | \$ 12,189  |
| 2025        | 12,921     |
| 2026        | 13,696     |
| 2027        | 14,518     |
| 2028        | 15,389     |
| 2029-2033   | 91,953     |
| 2034-2038   | 123,054    |
| 2039-2040   | 57,459     |
|             | \$ 341,179 |

#### Elevated Storage Tank Reimbursement

The Authority authorized a capital reimbursement credit to the District in the total amount of \$3,087,533 in connection with the construction of an elevated storage tank. The Authority calculated the reimbursement credit at 6% interest over a 30-year period. The credit amount is applied monthly and the District began receiving the elevated storage tank credits on the September 2010 Authority billing. Total credits earned in the current fiscal year were \$224,306. Of this amount, \$80,156 was a return of principal with the balance being applicable to interest. The following is a schedule of the remaining elevated storage tank credits (principal only) to be received under the terms of the agreement.

| Fiscal Year | Principal    |  |
|-------------|--------------|--|
| 2024        | \$ 84,965    |  |
| 2025        | 90,063       |  |
| 2026        | 95,467       |  |
| 2027        | 101,195      |  |
| 2028        | 107,267      |  |
| 2029-2033   | 640,953      |  |
| 2034-2038   | 857,739      |  |
| 2039-2040   | 344,695      |  |
|             | \$ 2,322,344 |  |

#### NOTE 13. STRATEGIC PARTNERSHIP AGREEMENT

The District has entered into a Strategic Partnership Agreement ("SPA") with the City of Houston, Texas. Under the agreement, and in accordance with Subchapter F of Chapter 43 of the Local Government Code, the City has annexed a tract of land within the District for limited purposes. The District will continue to develop, to own, and to operate and maintain a water, wastewater, and drainage system in the District. The City may not annex the District for full purposes during the term of this agreement. The City imposes a Sales and Use Tax within the boundaries of the District under the SPA on the receipts from the sale and use at retail of taxable items at the rate of one percent or the rate specified under future amendments to Chapter 321 of the Tax Code. The City pays to the District one-half of all Sales and Use Tax revenues collected within the District within 30 days of the City receiving the funds from the State Comptroller's office. The term of this SPA is 30 years from the effective date of April 3, 2007. During the current fiscal year, the District recorded revenues in the amount of \$1,594,929 in relation to this agreement.

#### NOTE 14. BRIDGESTONE GREENWAYS COALITION, INC.

Effective December 6, 2022, the Bridgestone Greenways Coalition, Inc. ("Corporation") was created with the purpose to promote and support the development and maintenance of the District's public community parks, connecting hike and bike trails, and other recreational facilities and amenities located in and around the District. The Corporation qualifies as a nonprofit organization under section 501 (c)(3) of the Internal Revenue Code. The Board of Directors for the District have exclusive authority to appoint Directors of the Corporation, with appointment for directors filling expired terms happening at the District's December board meeting.

#### NOTE 15. WASTEWATER TREATMENT PLANT LEASE

The District executed a Lease Agreement with Option to Purchase with AUC Group, L.P. for a 200,000 gallons per day sewage treatment plant. The term of the lease is 60 months from the first day of the month following delivery and installation of the equipment. The initial term of the lease commenced on April 4, 2023. At year end, prepaid lease payments total \$37,000 which consist of the first and last month lease payment. As of fiscal year end, the equipment has not yet been delivered and installed.

#### NOTE 16. SUBSEQUENT EVENT - BOND SALE

On February 15, 2024, subsequent to year-end, the District closed on the sale of its \$22,080,000 Unlimited Tax Bonds, Series 2024. Proceeds of the bonds, along with \$5,429,000 of surplus funds, are being used to reimburse certain developers and to fund a portion of the design and construction of the following: Southern Development's utility extensions, phases 1 and 2; lift station no. 8 construction; lift station no. 3 improvements; regional detention basin and related land costs; water plant nos. 1, 2 and 3 generator replacement; SCADA systems; 2024 WWTP No. 1 improvements; lift station nos. 2, 5, 6 and 7 generator replacement; wastewater system rehabilitation phases 1-12; wall construction at District facilities; and related engineering costs. Bond proceeds were also used to pay for developer interest and bond issuance costs.

#### NOTE 17. SUBSCRIPTION-BASED SERVICE AGREEMENT

In accordance with the requirements of Governmental Accounting Standards Board Statement No. 96, *Subscription-Based Information Technology Arrangements*, which was required to be implemented in the current fiscal year, the District recorded a right-to-use asset and related subscription payable in its financial statements pertaining to the subscription service agreement it has with Badger Meter dated December 4, 2020. The term of the agreement continues through November 3, 2030.

Monthly payments are based on the number of connections serviced times the contractual rate per connection, which is currently \$0.89 per connection per month. The monthly costs are approximately \$5,690 per month but will vary from time-to-time as the number of connections change. Current year subscription payments totaled approximately \$68,280 with \$50,508 allocated to principal and the remainder to interest.

The subscription liability was measured using the remaining subscription term and discount rate of 4.05% as of the beginning of the current period and the right-to-use asset was measured based on the subscription liability at that date which resulted in no restatement of the beginning net position. Right-to-use assets, current amortization expense, and accumulated amortization are summarized in the following table.

|  | J  | anuary 1,<br>2023 | Iı | ncreases | Decreases | Dec | cember 31,<br>2023 |

Notes:

No Director has any business or family relationships (as defined by the Texas Water Code) with major landowners in the District, with the District's developers or with any of the District's consultants.

Submission date of most recent District Registration Form: June 8, 2022

The limit on Fees of Office that a Director may receive during a fiscal year is \$7,200 as set by Board Resolution on July 25, 2023. Fees of Office are the amounts actually paid to a Director during the District's current fiscal year.
